WHY YOU SHOULD GO WITH US

Behind The Scene is a township tour developed to educate and spread awareness. Our aim as a Non-Profit Organisation is to show you a different side of the township life in Cape Town. We want to shatter stereotypes of danger and crime by giving you a more holistic understanding of those areas and the lives of the people that inhabit them. Therefore, our concept is called '**Behind the Scene**' and the fee you pay for our township tour is a donation towards community development.

THE TOUR GUIDE

The tour is led by our local tour-guide Mapanya Sogoni, who is born and raised in Guguletu. After spending 17 years of his life in prison, he chose to dedicate his time into social change and give back to his community, in a way where young individuals can be prevented from walking his previous path as a former gangster. Mapanya will make you feel like a local rather than a tourist and he will definitely give you a better understanding of townships. Follow the link below and watch his TEDX Talk!
